

VIRTUAL PMO

Your Virtual PMO to
Successfully Manage
Your Projects

Complex, Technical projects needs the right team. Don't use a recruiter.
Call ARO, a trusted source that knows your industry, technology and goals

OUR SERVICES

Virtual PMO – A project portfolio manager for technical, complex, new or existing distressed projects

Rapid Deployment Technology Team – Experienced & driven team that will accelerate integration efforts with minimal ramp-up time

Project Portfolio Management – Offering an EBITDA-focused strategic overview of all your projects

Technology Due Diligence – Evaluate your company's technology ecosystem and manage integrations

YOUR BENEFITS

- Quickly onboard a PM team with business expertise and deep technical knowledge
- Reduce project time & increase success rate
- Gain high-level, clear and concise visibility into one or all your projects
- Get your distressed & complex projects back on track
- Dive much deeper into your project's technology components
- Bring on a certified resource that becomes part of the team and takes full project ownership

OUR CERTIFICATION

Our certified Project Managers use a combination of best and 'proven' practices

WHY ARO?
